NOTE.—If the G.O.C. Army decides that the casualty is to be reported as self-inflicted, he should add words to show how far he concurs with the opinions expressed above.

INSTRUCTIONS.

1. Parts 1-4 to be completed in all cases.
2. Parts 5-7 to be completed on active service only.
3. These forms are to be completed in all cases of injury (other than wounds received in action) involving the absence from duty of an officer or soldier, whether due to the individual's own act, or that of a comrade, or to other extraneous circumstances.
4. Where several casualties occur as the result of one accident, one form is to be completed for each officer or soldier injured. A copy of the set of statements from the witnesses of the accident will be attached to each form (*vide* para. 3 on reverse and para. 5 of these instructions).
5. Full statements are to be taken by an officer from the witnesses of the accident or, where there was no witness, from any persons to whom the injured officer or soldier may have mentioned his injury immediately after the occurrence. These statements, when obtainable, will be signed by the persons making them, and by the officer who takes them, and will be forwarded with this form. Where it is intended to take disciplinary action, duplicates of these statements should be retained by the unit for use in lieu of a summary of evidence.
6. Where it is possible to obtain it, a statement from the injured officer or soldier will also be forwarded. This, however, should not be used as evidence against him in any subsequent disciplinary proceedings.
7. Where the injury was incurred during sports or games the statement at (3) overleaf should show clearly, (a) who organized the game, match, tournament or sports in which the injury was incurred; (b) whether the officer or soldier concerned had been selected or detailed to play in a representative military team or to compete as an individual. In the case of injuries at practice, it should be stated whether the individual was a selected representative of some military formation practising under authority.
8. After final action this form will be disposed of as directed in para. 760, King's Regulations, 1935.

SPECIAL INSTRUCTIONS AS TO EVIDENCE IN CASES OF SELF-INFLICTED WOUNDS.

9. In these cases the statements mentioned in paragraphs 5 and 6 above should bring out all material points, e.g., statements to the effect that the witness was with the accused standing on the fire step (or sitting in a dug-out); that the accused was cleaning his rifle; position of safety catch, magazine, etc., if known; muzzle of rifle on toe of foot; hand on muzzle; that accused pulled trigger; that the rifle was afterwards examined and an empty cartridge case was found in chamber; that accused was seen to be wounded; what accused said ("I have shot myself," "I did not know it was loaded," etc.).

10. An officer or a soldier is specially trained in the safe use of his rifle and revolver, and evidence of any neglect of the ordinary precautions as to their handling in such cases usually has considerable bearing on the question of negligence. In cases of wilful self-wounding the fullest possible evidence should be obtained; unless the evidence is conclusive this charge should not be used. The charge will therefore usually be laid under section 40 Army Act—"Conduct to the prejudice of good order and military discipline in wounding himself through negligently handling a rifle," and an alternative charge to this effect should be made, even if the accused is to be tried under section 18 for wilful maiming.

REPORT OF MEDICAL EXAMINATION
